Lecture 7 - In Class Exercise

Goal: Explore coverage ideas, write on things.

1   A Wordy Exercise - Worksheet 1

Come up with one criterion to test the writing instruments.

Derive a set of test requirements.

Consider your test requirements above, record which test requirements are satisfied by your test set and compute the coverage level of your tests.

Consider your test requirements above, record which test requirements are satisfied by another team's test set and compute the coverage level of another team's tests.

2   A Wordy Exercise - Worksheet 2

Design a set of test cases that satisfies the requirements.

Record the number of failed test cases.

Record the number of test cases that are infeasible and justifty why they are infeasible.
